
LABEL TEMPLATES & GIFT TAGS

◆ CREATE CUSTOMIZED LABELS & GIFT TAGS FOR YOUR PRODUCTS ◆

adeorihaircare.com

These label and gift tag templates help you create customized labels for your creations. They also help you track essential details such as ingredients, date created, batch number, and product names.

Clear, professional-looking labels make your creations easy to use and share with friends or family for testing. Be sure to check for allergies before you share your creations.

There are various designs to choose from. You can print them on sticker labels or fancier cardstock paper for special occasions. They are US legal size.
